April 8, 2021

Dear Parents/Guardians:

Information regarding the recently released 2019-2020 New Jersey School Performance Reports is available on the NJ School Performance Reports webpage at www.njschooldata.org. The School Performance Reports reflect the New Jersey Department of Education's (NJDOE) commitment to providing parents, students and school communities with a large variety of information about each school and district. Moreover, it seeks to give an idea of how students are being prepared for college and careers.

Please note that the ongoing COVID-19 pandemic has had a substantial impact on the way the NJDOE has been able to measure school performance and student achievement in the 2019-2020 School Performance Reports. As such, some data is not available. Moreover, the NJDOE also recognizes that the existing data can't begin to measure the hard work and perseverance of the students, families, educators, and community members during this difficult year.

Notes are included throughout the School Performance Reports to explain where data is missing or impacted by COVID-19 and the report [Impact of COVID-19 on Data Availability](#) is available to summarize this information.

Sincerely,

Dr. William F. Baskerville, Jr.
