

RETURN TO SCHOOL INFORMATION

2021-2022

All students, teachers, and staff must wear face coverings, unless medically excused. Neck gaiters are not allowed.

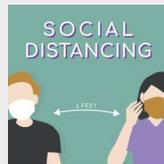

Students must wear face coverings on the bus and at bus stops. To help with potential contact tracing, all Pre-K—Grade 5 students have assigned seating. Middle and high school students are encouraged to sit in the same seats every day.

Arrival and dismissal procedures are set at each school.

Safe travel and passing directions were developed for each building. Each building will provide procedures for student belongings.

Social Distancing will be practiced where possible, with reminders and safe spacing indicated through floor decals and signage placed in each building's common areas. Students who exhibit signs of COVID-19 will remain in isolation rooms for parent pick-up.

Water fountains can only be used to refill water bottles. Students may bring labeled, refillable water bottles to school.

Frequent hand washing is encouraged with hand washing breaks scheduled for preschool and elementary schools.

Hand sanitizer stations have been placed throughout each building. Students will be encouraged to use them as they pass by.

Classroom seating will allow maximum space between students and all desks will face the same direction. Teachers will modify instruction to reduce student contact and maintain social distancing to the greatest extent possible.

Free breakfast and lunch will be available to all students with an increase in "Grab & Go" style. Students can remove face coverings while they eat.

Recess will be staggered with zones and boundaries between groups. Students will wash their hands following recess.

Increased cleaning and disinfecting protocols are practiced in all buildings, with an emphasis on high touch areas. Ventilation systems have been cleaned and serviced.

Help keep all students and staff safe. Don't send your child to school if they are sick or if they are unvaccinated and had close contact with anyone who tested positive for COVID-19, been advised to quarantine, or exhibits symptoms of COVID-19.

Piscataway Schools will continue to share updated information. Please check your email for regular communication, and also check the district website, www.PiscatawaySchools.org, for district-wide information, and school websites for school specific information.
